

Standley Systems

Leading Businessware. Matchless Service.

If you need to copy it, print it, scan it, fax it or store it, look no further than Standley Systems. The largest Savin dealer in Oklahoma, we've helped keep offices running smoothly and efficiently since 1934. And because many of the frustrating equipment glitches happen after other dealers have gone home, we keep the lights on in our service department 24/7.

- Respected for integrity and reliability, Standley is a family-owned business that has earned the trust of the business, government and education communities by providing **leading businessware and matchless service for more than 75 years.**
- Standley Systems offers a **full line of innovative digital equipment**—developed by global leaders like Savin, Samsung and Océ—that allows you to focus on business, not on office technology. Given today's networked office environments, Standley delivers true network connectivity and enables you to produce the highest quality hard copy communications faster and easier than ever before.

Standley Systems advances your business workflow 24/7.

- Standley offers **state-of-the-art software solutions for all your document management challenges**. Convert your documents into electronic files for efficient digital workflows. Organize, store, access and distribute your documents reliably and securely—all without having to buy additional hardware or hire IT specialists.
- Our unique **Snapshot Assessment Service** even determines how much energy your office equipment consumes and provides you with a comprehensive strategy for reducing consumption and cutting your operating costs.
- Standley's exclusive **Enterprise Analysis Tool** provides you with a realistic overview of the way your office handles documents. Based on that information, our experts show you how to advance your workflow more efficiently with your existing system or suggest options that will reduce waste and save you time and money.
- Standley **works where you work** with six convenient offices (Oklahoma City, Tulsa, Lawton, Ardmore, Duncan, and Chickasha) that provide you with statewide sales and service. We are proud to serve and invest exclusively in Oklahoma.
- Standley also **works when you work**. Our service professionals are available around the clock to minimize your down time and maximize your bottom line.
- At Standley Systems, **we measure our ROI by your success**.
